

Alvgrim – Fantasy & Adventure

Course description

The children participate in the creation of stories, characters and adventures (live action roleplay). We mix *Alvgrim*'s world of fantasy with real historical events from Stockholm. The activity takes place both indoors and outdoors in Old Town, and is largely based on the participants own creativity. *Alvgrim* provides costumes and other material required to create the roleplay/adventures. *Alvgrim* is a fantasy world created by drama teacher Aseem Svedberg and writer Arunima Rosenblad. Read more about *Alvgrim* at www.alvgrim.se.
